

The School of Arts and Sciences
and the Department of Math and Sciences proudly presents:

LET'S TALK ABOUT WATER

Please join us for a screening of “Flow: For the Love of Water” a critically acclaimed 2008 Indie film that discusses global issues of freshwater quality and scarcity. After watching the film, a diverse panel of experts from Saint Leo University, the US Geologic Survey, and the Southwest Florida Water Management District will answer questions from the audience and lead discussion about freshwater issues raised in the film. All participants and attendees will be provided with a complimentary lunch.

Saturday, October 17th

11:00am-3:00pm
